*Seythe GP is happy to present to you the second volume of the ever popular Victimist of Hamlets.*

*I'm the editor and founder (along with Gourry) of Seythe GP, Phenoma.*

*I hope you enjoy this first chapter of Volume 2 of Hamlets, which I have worked hard to edit for you.*

*Anyways, as i'm sure, most of you have probably skipped this little introduction and gone straight to the manga...*

*For the rest of you who have been nice enough to read this worthless bit of text, I hope you enjoy the second volume...*

私はワウワウ漫画が大嫌いです。例えは漫画家には教育的な能力練習を必要と人生を生きていく上で、維持せねばなられた。ペーパーマンの「漫画」などは本出にはなりません。漫画は読ませ作った人の気持ちが入ったものでない、大好きな「このハーメルン」を「漫画」で「作」って「読」むことは「出来ません」。

*If I had the translating text, I would add it, but since I don't, there is no translation here*

*Oboe, I'm not editing the translation for this part...*

*Why you ask... well the person who did the translating couldn't be better translating and told us all to not all and read volume 1... which is a horrible idea, since I have already edited the first volume for you...*

*And if you don't have volume 1? well, why the hell do you have volume 2 then?*

For the sake of the world

I must beat this man..

It may be what you always do, but you want out of your way for us all the money..

Please accept this as thanks!

Ah! Please wait!

But that's me! Here you go

For my reward is "Love"

No, you have done enough

I can't accept that reward.

If everyone is happy, then that is the greatest gift

But then you deflected

The Golden

And, after they fall, he leaves without charging! Truly, he is a man like a God!

This great and powerful here's beautiful piano melody destroys monster!

Why am I not surprised?

W-up without charging?

PL

IT IS!

Yeah, I don't think it can be true!

I don't think I could move if I carried that stupid golden shiny thing around all day!

I-Oh!

That's great!

Who is this  
Raid person  
?

If this man's  
name Haral  
before  
why is he so  
strong ?

I stand against  
the man who  
controls the  
monsters of  
the world!

As the  
ringleader  
of all love,

How?

Uh?  
He does  
that?

There's  
no way...

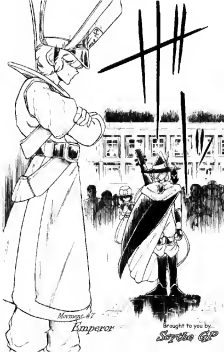

His thankless  
ways control  
the monsters in

I am the

And for  
this world,  
you shall  
die!

FF...  
For

Why?  
Why are  
you doing  
this?

What,  
what?

Hey  
they're  
going

What does  
this mean,  
Hamell?

What  
the hell  
are they  
thinking?

I thought  
you were  
the 'area's  
strongest  
here', but I  
didn't know  
this...

Who made  
that guy the  
champion of  
the world?

The stories that were handed down were better than this.

FF. If only you'd understand what you were taught.

All evil became unnecessary, and was sealed within a box.

When the gods made the world...

Then someone opened the box.

There followed a long peace but in time we all forgot about the box.

The Gods put this box into the hand of a man, and he buried it in Northern Ground, till the end of the world.

She was named Pandora.

Fear and  
death  
covered the  
Earth.

They  
scattered  
around the  
world.

And people  
suffered  
grievously  
and died.

The peaceful  
lives of its  
people  
shattered.

And the devils  
still on the  
Northern  
ground built a  
castle, and  
founded a  
country  
around it.

# ハーメルンのバイオリン弾き④

We know their fighting  
ability is tremendous,  
our own power  
is not enough,  
we fear the  
evil army.

And the Illudis... the great demon Oshiro had  
the supreme power, and he  
forced them to submit to his evil ways...

Oshiro's subordinates:  
The Orange King,  
The Hall King,  
The Warrior King and  
The Hawk King.

Called out, and gathered their demon armies.  
Each led an army, and soon the  
forces of the demon armies controlled the  
world.

The great devil  
Chestra's  
successor!

HAMELI!

Hey! You used that last time

It's interesting to hear the word *jum-chan* come from your mouth

When we were three years old, *Jum-chan* in the class next door gave you a Valentine, and you kept the pretty thing for a month!

Stop it!  
Please stop it!  
I want to forget those stories!

Augh!  
Not this story!

I remember when we were 5 years old in elementary school and *Itary-chan* was in the same class. You kept the exchange story for three months after she dumped you.

We all know the facts of your upbringing and you sure you don't still want Hama as your close friend and companion?

But why?

Oba-some thought you probably knew more than me...

He has the same wonderful righteous heart that he had as a child.

My father and mother died because of that man!

I must  
kill you!

For my  
beloved  
father and  
mother...

Eh?

No  
good!

I...  
if...  
that..

Because I  
crossed  
through Hell  
for that I've  
defaced  
countless  
monsters!

*Toooooo!*

I will not  
allow  
this...

So that I  
could kill  
you!

My violin  
strings are  
damp!

Beethoven's  
Violin  
Concerts...

Never!  
I'll  
counter-  
attack!

She...

That was the  
'Fate' of the  
vein strings  
handed to  
them by your  
boasting

The rain  
fell as I  
planned!

You used  
the nature  
of the  
veins, it's  
an ideal  
instrument!

That was  
clever,  
Raid!

Hand!

Water-  
proofed to  
100M without  
affecting  
performance!

In addition,  
my phone is  
completely  
waterproof!

Let's  
start play  
again!  
To after!

The best tone quality can be only be expressed when reflected off of pure water!

I did not say it was made of pure gold for glory alone!

That is the epitome of your tragedy, Hoshii!

Heh... That is an excellent concert ground, it sounds wonderful, and has such emotion!

I can bewitch you with my spell as long as I desire!

Ffho ha ha ha ha ha!  
This way!  
My recital!

Beethoven's 5th piano concerto, "Emperor"

Listen well  
And die!

But I am fool  
If I stop up  
my ears. How  
will your  
music work?

As ever  
you're  
magnificent  
fool!

The exact similarity  
the melody strength! Just as and love in  
the theme of life. In Beethoven's time, the  
Emperor offered this to the Archduke  
Rodolph. The man thought the music  
beautiful, and was not enough to let it  
be named "Emperor", the music has become  
partly famous, for it is a magnificent work

Th-  
this  
is...

Who?

Unh?

Wh  
what  
the hell?

Bon

Bong bong bong bong bong

Wh-what?  
Why are you  
all...

So, my dolls!  
Kill that man!

This is my  
Marionette  
"Emperor"

Wah ha ha ha  
ha! My playing  
can release the  
bodily powers of  
humans! They  
can't act the  
way they used  
to!

My piano  
can manipulate  
ten people,  
or a  
hundred!

Kill  
him!

Bw  
aha  
ha  
ha!

If the townspeople were left alone, they wouldn't help you...

What are you doing to the townspeople, changing their fate, making them soldiers against Hanel...

Ah! Hanel!

Ah?

How nice...

Aah!

She is no  
strong  
monster!

I  
what  
why, how is  
the...

Your music  
wasn't  
enough. He  
is the  
master of  
music.

That  
girl is  
wonderful!

But it's  
only  
your  
first  
mistake.

The rain is  
falling  
on people in  
many towns.  
The point is,  
it's good to  
think of  
that.

You and your pino can't even HEAR about panties! It's so easy to win!

You never could deal with that!

BWA HA HA HA!

Set-up it, Hito-chan!

So, dumbass, still the Hero of Love? I laugh at your valor!

Hisswell!

Please stop Hito-chan!

Hell no! I'm gonna hit you for a while, Rai-chan!

Hi, dear! Hi, dear!

What is it necessary?

Please! Let me hear this, Oboe.

F-flute!

And he's going to the North to stop a disaster!

The man is where he belongs - not here!

That's what...

What's he hiding under that hat? It's so strange.

That story about your parents... Really, what happened back then?

Please! Hamel won't tell me anything!

What is your goal?

Tell me!

And yet I wish you had more questions I could answer

PI you've got a lot of questions

Think of your mother and father if something happened to them, wouldn't you feel the same way, violet?

Why should I have to feel like I should brutally kill my childhood friend?

He became the devil incarnate

He has changed fears into smiles.

We can help him!

I haven't known Hensel for long, but...

But that doesn't change your own actions!

It's urgent.

That doesn't sound like the deed incarnate.

Why should I save him? It makes much more sense to try and kill him!

My "Emperor" must have affected your mind!

I've always had bandages and they were all caused by Hensel!

Feh... maybe so, but at least it makes some sort of sense.

So obedient...  
and your  
companions  
have been  
blindly obedient  
to us as well.  
It's great.

Hohohoho.  
Bel Segno's  
king has  
been so very  
accommodating.

Do you  
think we  
Mazoku  
are going  
to win?

Perhaps,  
Druu... come!

Gohahaha!  
The two  
thousand  
soldiers  
have been  
destroyed.  
The castle's  
burning down!

As it  
should be!  
Gohahaha!

To share  
throughout  
destruction...  
That is  
beauty.

Feh...  
But that  
is ugly  
too.

We will not sell the souls of our people to devil!

Even if we rot and die!

Who do you think you are man-ster!

Your majesty!

We are one!  
We gamble our lives for our country,  
Dal Segno!

And you will leave!

I am Syria,  
and this is my country

Ho ho ho

Your majesty!

Dumb ass!  
A human  
telling us  
to leave!

Go  
ha  
ha  
ha!

Fufufu...  
think so,  
Sir Knight?

D-don't  
go, your  
majesty!

It's the  
best joke  
I've ever  
heard!

Perhaps  
he's  
trying  
to be  
funny!

Then how  
shall we  
deal with  
them?

They're  
too  
strong!

I've  
forgotten  
this coming  
for a long  
time...  
with my  
sword!

Please run  
away, it's  
order! The  
bloody of  
Dal Segno  
should  
continue!

It's boring  
Bad kids  
get an ugly  
death!

Feh-  
foolish.

We  
can't be  
betrayed.

Worthless  
rubbish.

Your  
majesty!

What?

Who...

We reach

Cries of

To the

Harold... you may  
have defeated me the  
last time...

Who could dare try and speak out?

While their hands are tied behind their backs, the grip of fear

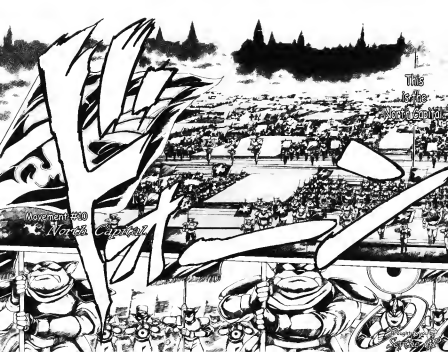

Who can stop themselves from grovelling in despair and hopelessness...

Confronted with such overwhelming fear that all you can do is tremble...

This is Hell.

This  
is the  
North Capital

High King Baza commands the  
Army of Dark Law

Dragon King Drive commands the  
Army of Phantom Dragons

Warrior King Gutor commands

And...

The Kings of Hell's Army.

But we  
can also  
be rowdy,  
if we  
choose

For we  
in the  
Mazoku are  
robust and  
tenacious! We  
have chosen  
our 10,000  
select  
troops!

Perhaps you speak true!  
The dragon  
troop's  
destructive

absolute!

Why were they fighting?

He crumbled the ground with one strike...

Drum-sora's destructive power is incredible.

Like a hurricane.

Scor-some's speed. I couldn't see him at all.

The supreme commander among the Kings of Hell's Army.

And Boss-sora.

If one of them had not been serious, what would have happened?

If they hadn't both shown their secret skills...

If they'd each taken that last step, both would have been born in

Cleaver two of Hell's finest swordsmen, Gator-some.

If Gator-some hadn't stopped both of them.

To the  
Kings of  
Hell's  
Army!

terrible

I bring  
news

Fine Mountains.

At any rate, they're at the top of Hell, and very powerful.

Practically, the Mazoku tend to divide themselves up under one of the Four Kings.

They're the Mazoku command; they report directly to the Great Demon Chastro.

King of Hell's Army Number One  
Hell King Baza  
He is the strongest man in hell, and  
therefore the King of Hell  
The undead army, the Army of Dark Law,  
is in his possession.  
He is the greatest of the Kings.

King of Hell's Army Number Two  
Dragon King Drum  
His destructive force is the best  
in hell, and he is the Dragon King.  
He leads the strong spirited  
Dragon Army.  
He is the General of the Army of  
Phantom Dragons.

King of Hell's Army Number Three  
Hawk King Sizer  
Her speed is the greatest in Hell,  
her weapon the most mobile.  
She manipulates the spirits, the  
women of the sky, and long  
The Winged Soldier Army - She is  
the General of the Army of  
Phoenix.

King of Hell's Army Number Four  
Warrior King Gator  
He is the King of Beasts, and Hell's  
Best Swordsman.  
The largest military force is his,  
the army of beasts.  
He Commands the Army of  
Beastmen.

Fighting here and there.

Yeah. Now the troops that the King's control are spread wide.

Fighting

every-thing blown out like a candle.

If we do not follow, we are killed, the country burned.

I see.

We do not know much more than that, but there are men who do not fear their strength.

The King of Hell's Army.

The humans that resist and fight have proven themselves powerless against the Mazoku.

If a country rebels, they are made an example.

I have seen the many trees.

It was said they were from the North Capital

We heard of people who were the tools of the Moosku, living for the Moosku, their lives a living hell

Before we turned our faces to the North, we made our living as mercenaries

!!

MM

We will succeed

To stop a disaster at the North end of the world

That's why! We immediately decided to go to the North

Y-YES, Obasoon!

For the world, and for our happiness

WHAT ARE YOU DOING, HAMEL?

The main character can't lose to cold!

W-well... It's kinda cold, being December...

We're goin' North!

The Great Down King Chestro's successor should have been the next King of Hell!

Hemel will die!

He will not enter the North Capitol!
